

Design your dream house. You will need tracing paper and a pencil.

1. Pick your house shape and trace over the outline.
2. Pick a front door and trace over the outline inside your house shape.
3. Pick a few windows and trace over the outlines inside your house shape.
4. Pick a few trees and shrubs and trace over next to your house shape.
5. For fun, you can add people and pets.

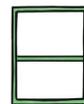

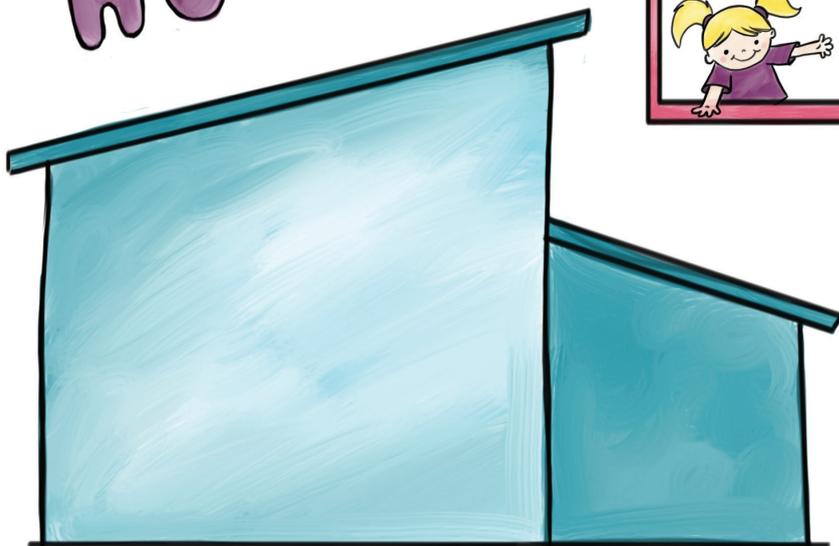

Congratulations! You are done with your house design. You can make as many as you can imagine. Hope you have fun dreaming!
